

NNIN REU Internships at UCSB: Summer 2007

Orientation Meeting Tuesday Morning!

The hotel provides a complementary breakfast for you from 6:00–10:00 am.

The hotel shuttles will take you to the meeting for free.

We're running on a tight schedule tomorrow, and there's only a mini van that can take 4–5 people each trip, so **please be on time for your shuttle: 8:00 am–8:15 am**

A light breakfast and coffee will be provided for you at the meeting, in case you didn't have time to eat at the hotel.

- Our first meeting will begin promptly on Tuesday, June 5 at 8:30am in Harold Frank Hall (HFH) 4164 (this is the old Engineering I Building).
- Your mentors will join you for lunch in Harold Frank Hall (HFH) 4164 from 12:00–12:45pm.
- After lunch, they will bring you to the laboratories where you will visit the lab you will be working in, and be introduced to your research group and faculty advisor.
- You will attend a mandatory safety training session in the Engineering Sciences Building (ESB) 2003 from 2:00–3:00pm.
- After the safety training, we will go downtown. Please bring cash, comfortable clothes and walking shoes.
